A magnificient luxury chalet in Meribel-Village

8-12 Guests • **5** Bedrooms • **450** m² / **4843** ft

This luxury chalet, overlooking Méribel Village (a separate residential area 5 km from the center of Méribel), was completed in 2006. Its owners didn't spare anything on this sumptuous construction. It's 380m² of living space is spread over four levels and offers a typical Alpine style combined with an extraordinary interior.

A magnificent cathedral lounge area

The living space, with a fairy-tale atmosphere,hosts a magnificent cathedral lounge with its fireplace, a dining room and a lovely kitchen. The style is refined, at the limit of the East, a Slavonic atmosphere emerges with intense dominant tones, the deep red, the dark bringing a part of magic and mystery, heavy textiles, small matryoshkas, icons to golden background. The high ceilings in the living room and the fireplace make an enchanting room to meet with family or friends. A large terrace allows to admire the breath-taking panoramic views of the mountains and the village. Luxuriously furnished, the chalet continues its decoration between Middle East and Central Asia by offering a special SPA area. A carved door such as a Rajasthan arch opens onto a Jacuzzi, a fitness area (elliptical trainer, stepper...) and a Moorish steam room will bring the deserved relaxation after an exhilarating day on the slopes.
