

VAL DISERE-018

From: upon request

A beautiful chalet set in one of the best locations in Val d'Isère

12-14 Guests • **7** Bedrooms • **415** m² / **4467** ft

This recently built chalet is one of the nicest chalets in the resort and has a unique location. Seven bedrooms, an indoor pool, a hammam and a massage room combine with local stone walls, reclaimed wood beams and inspiring interiors to truly deliver a special property.

Seven bedrooms, indoor pool, hammam and massage room

The property doesn't compromise on location with a ski-in and out position and a luxury chauffeur service that is offered until 10pm. Combining one of the finest architects in France with one of the most beautiful and unique slope-side locations in Val d'Isère, it was always destined to deliver. Enviously located in one of the sunniest spots in the valley, this chalet sits on the convergence of three main runs, the blue Santons, the red M and the black Epaule du Charvet pistes.

Ski-in and ski-out position and chauffeur service until 10pm

In the morning, simply slip on your skis and take the blue run to the main Solaise and Belvedere telecabines or benefit from the luxury 4x4 Landrover driving service. The property sits as the very last building before you enter the stunning Manchet valley, providing unobstructed south and west facing views across the Vanoise national park. The chalet works well for large groups of friends looking for an impressive entertaining venue, and it works equally well for family groups wanting something special and unique. Because of its location there is plenty of space for children to play outside in the snow in safety.

Five levels of chalet luxury and ski + boot room on entrance

The chalet is proudly set over five levels. The main entrance is on the west facing side of the chalet and leads straight into the cloakroom and ski room. All the bedrooms in the chalet are ensuite and feature reclaimed wood and natural Vanoise stone tiles. On the ground floor there are two large bedrooms which can both be configured as twin or kings. Three more bedrooms can be found moving up to the next floor, one having a stunning south facing balcony. The main living floor is on the second floor, with towering double height windows bathing the living space in afternoon sun.

Privileged views form heated terrace and open fireplace in living room

The fireplace creates a focal point for the room and features a wide heated terrace delivering some of the most privileged views in the valley. The higher floor provides a large mezzanine area where you will find a place to relax and is perfect for children to play in the evening. Returning back to the lowest level you will find two further bedrooms, both of which can be configured as kings or twins.

Lowest level houses Spa with swimming pool, hammam and massage room

On this level, soothing spa facilities, a swimming pool with contraflow system, a Moroccan hammam and a massage room for in-house treatments can be found. There is also a large covered parking area for up to three cars.

The service

The chalet is fully serviced with a professional private chef and two hosts. They will contact you before arrival to discuss your menus for the week. There is also an exceptional concierge service to help you with the booking of ski tuition, guides, equipment or help with restaurant reservations. The chalet comes with access to a 4x4 Landrover driving service and chauffeur, who also doubles as our 'go to' person for snow and weather updates and lift openings.
