Luxury chalet with indoor swimming pool in Méribel

10-12 Guests • 6 Bedrooms • 330 m² / 3552 ft

This luxurious chalet with swimming pool in Méribel is the ideal place for your winter holidays: spacious and comfortable, this cocoon, decorated in Old Wood, will be perfect to welcome your family and your friends, within the biggest skiable domain in the World. Located about 5 minutes' walk from the slopes, in the heart of the Three Valleys, this pretty house is in a private hamlet composed of ten chalets. This luxurious chalet with swimming pool in Méribel has 6 bedrooms on 3 levels. Upon your arrival, the entrance opens onto the beautiful floor, it will offer you a breathtaking view of the snow-capped mountains; take the time to put your winter stuff in the ski room on your right, and continue to the living room which is warm and bright. With a large fireplace, this living room will be perfect for your evenings with family or friends: Listen to music, watch your favorite movies with a sound system worthy of the most beautiful cinemas or just listen to the wood crackle, this will be up to you. The large dining table at the back of the living room is lit by a panoramic glass facade opening onto the valley with a breathtaking view. On your left, the bay window overlooks the large south terrace: you will find there a Jacuzzi and a sitting area for resting after a day of hectic skiing! The kitchen, to the right of the dining room, is fully equipped, including a wine cellar that will keep your best wines. The glass credenza will give you a breathtaking view of the pool on the lower floor! A pleasant and reassuring way to cook while observing the children who play quietly at the edge of the water. On this floor, you will also find a suite with a French window opening onto the terrace. The adjoining bathroom has a large spacious shower. The upper floor consists of two bedrooms: one double bedroom, with its en-suite bathroom and one Master bedroom with its fireplace and en-suite bathroom. Continue the adventure down the central staircase in old wood and glass that leads to the lower floor: on your right, 4 bedrooms including a magical room that will delight your children with its 4 bunk beds and bathroom. Like all rooms in this cottage, the other 3 suites have en-suite bathrooms. Like the beautiful floor, all rooms on this level have large windows offering direct access to the terraces or the garden. You will also find a

large laundry room. But the jewel of this luxurious chalet with swimming pool in Méribel, is precisely... Its indoor swimming pool; a deep blue and a pretty length, it advances gracefully in the garden, and gives the desire to dive in. It has a counter-current swimming system for athletes wanting to train against snowy passes. Oriented to the west, you will be able to revel in this place, very beautiful end of days, at sunset. Also equipped with a quality sound system and a small lounge, this place is conducive to relaxation. In the garden, for the less cautious SPA enthusiasts, a sauna is located a few meters from the chalet, accessible from the terrace of the main room, from the pool itself or from all rooms on the lower floor. A small bubble in the middle of the snow, this intimate cocoon still offers a breathtaking view of the mountain.
