Luxury Chalet in Verbier with 13-bedrooms and all facilities

26 Guests • 13 Bedrooms • 1100 m² / 11840 ft

This is one of the larger chalets available in Verbier. Formerly a hotel, the chalet has undergone a multi-million transformation. The result is one of stylish, yet understated alpine chic. A mix of traditional timber and stone, complimented by the highest quality fixtures and fittings, with all furniture custom made.

Spa with 10m pool, steam room and jacuzzi

One of the highlights of the property is the spa which has a 10m pool, steam room, cold plunge pool and large Jacuzzi, all in the coolest grey stone. In addition there are treatment rooms for every kind of massage and beauty therapy. Outside, an expansive decked terrace is the perfect place to admire the stunning views of the Grand and Petit Combin, either from one of the comfy sun loungers or from the warmth of the large cedar hot tub.

Home cinema room with newest multimedia

For those who like their movies, the chalets boasts a home cinema with an oversized U shaped sofa. This room also has the latest games consoles and a selection of children's toys and games. All the bedrooms are beautifully furnished and each has a stylish bathroom, kitted out with Dornbracht fittings and various different types of Italian stone. The master bedroom is exceptional. Located on the top floor and open to the eaves, the views from either the free standing bath or the cedar hot tub on the balcony are sensational.

Always a chauffeured 4x4 vehicle available in-resort

Although the chalet is only a seven-minute walk from the Place Centrale or two minutes from the bottom of the Le Rouge piste, there is always a chauffeured vehicle available to take you wherever you need.
