14 Guests • 7 Bedrooms • 560 m² / 6027 ft

A beautiful newly built chalet situated in an enviable position on the Belvedere piste in Courchevel Moriond (1650). It has direct ski-in/ski-out access and is located a short walk from the centre of Courchevel 1650. This exquisite alpine chalet with 560m² of space arranged over five floors has relaxation and enjoyment at the forefront of its design. Home to seven unusually large en-suite bedrooms, all with balcony or terrace access, the brand-new chalet accommodates 14 guests in sumptuous surrounds. The top floor of the chalet is dedicated to a large master suite with its own private balcony. Every bedroom offers a flexible super-king or twin layout and four of the five floors are served by a lift. Relaxation is the key focus of the Chalet and the entire lower ground floor is dedicated to a large spa and cinema. Unwind after a hard day's skiing with a dip in the 10-metre pool or relax in the adjacent sunken jacuzzi. There is a sauna, a hammam and an exterior private heated courtyard accessed via floor-to-ceiling glass-doors. A tranquil treatment room is situated one floor up, allowing the need for a restorative massage by an expert local therapist. Down the hallway from the spa is the cinema, equipped with the latest movie theatre technology and lavish tiered sofas. A double-height open-plan lounge with spacious dining area dominates the second floor. With a nod to its namesake, a large wine cellar is on display and the living area is complemented by full-length glass windows which flood the expansive room with light and panoramic mountain views. This floor also hosts a state-of-the-art kitchen from where a chef can create culinary magic. A large contemporary bar, perfect for a pre-dinner drink completes the picture inside, with a giant hot tub outside on the balcony overlooking the slopes being the cherry on the cake! With brand new modern and elegant interiors, this chalet brings an exciting new venue to Courchevel Moriond, perfectly positioned to explore Les Trois Vallées.
