A spacious High-end chalet in Meribel-Village

**10-12** Guests • **6** Bedrooms • **660** m<sup>2</sup> / **7104** ft

This is a luxury ski chalet, completed in 2017, that has raised the bar for properties in Meribel Village. Built in a traditional Savoyard style, this luxurious chalet in a quiet area nestled among the trees, is just a few minutes from the Golf chairlift and Lapin piste. It is a wonderful chalet for families or groups looking for peace and privacy in a beautiful mountain setting. A spacious chalet with 650m<sup>2</sup> of living space spread over 5 floors. The interior is the perfect blend of the traditional style of the area blended with modern furniture and technology to create a contemporary chalet property. It is a light and airy chalet and this sense of space is aided by large picture windows that bring in natural light that matches the raw materials used throughout the chalet. The grey and beige tones add to the modern design and calm ambiance.

The living space, located on the first floor, is very spacious and large French doors provide access to the south facing terrace, with views of the surrounding mountains. The dining room is separated from the living room by a sublime stunning fireplace. These two spaces have beautiful features, decorated with a library and a piano in the living room. The kitchen will delight all with its open spaces and modern appliances and can be separated from the lounge area by a sliding door. The chalet can sleep up to 10-14 people in 6 bedrooms, all with en-suite bathrooms. A staircase and an elevator serve all floors of the chalet, meaning that access from your bedroom to the living spaces or down to the chalets dedicated spa floor is easy. On your return from skiing, the wellness area is the perfect spot for relaxation and rejuvenation. Take a swim in the indoor infinity swimming pool, read a book on a poolside lounger, ease tired bodies in the beautiful hammam or enjoy a massage in the dedicated massage room. The chalet is available on a bed and breakfast basis, but it is possible to add in additional services such as a chef, butler and in-resort chauffeur service.
