Exquisitely secluded in Méribel, this is a stunning ski-in & ski-out property in the exclusive Belvedere area of Méribel, offering an unrivalled experience of alpine luxury and sophistication. This magnificent, standalone chalet spans four floors and encompasses six lavish en-suite bedrooms. Perfectly crafted for discerning guests, the Chalet embodies the pinnacle of indulgence, comfort, and style, nestled in one of Méribel's most exclusive locations. Upon entering the first floor, you are greeted by a hallway leading to breathtaking open-plan living space, designed with opulence and relaxation in mind. Rich wooden floors and elegant stone walls set the tone, while the intimate dining area – seating ten at a grand bespoke table – provides the perfect setting for dinners with loved ones. The adjoining kitchen, finished with sleek cabinetry and a striking black double-door fridge, is a chef's dream. It also includes a hidden chef's kitchen for discreet meal preparation. Large doors open onto a wrap-around balcony offering breathtaking, uninterrupted views of the surrounding peaks – an ideal spot to relax in deck chairs under the Alpine sun.

Between the kitchen and the main living area, you will find an additional reception room featuring seating and glass-doored wine cabinets, making it a perfect space for unwinding with a glass of wine before dinner. The main living room invites you to settle into sumptuous sofas and armchairs, all centred around a striking wood-burning fireplace beneath statement pendant lighting. Just off this space, a private cinema room provides the perfect escape for movie nights after a day on the slopes. On the top floor, the master suite awaits, offering a luxurious retreat with its own fireplace, private balcony, and expansive mountain views. An adjoining office space features leather seating and an antique desk, creating a serene space for quiet work or reading. The master's en-suite bathroom is beautifully designed with twin sinks, a deep soaking bath, a shower and a spacious dressing room. The ground floor houses five beautifully appointed en-suite bedrooms. These include a twin/double bedroom, a cosy bunk bedroom for up to two children only, and three elegant double bedrooms.

Three of the bedrooms have terrace access, allowing you to step outside and immerse yourself in the natural surroundings. Elegant fireplaces, plush furnishings, and pristine en-suite bathrooms enhance the sense of luxury throughout. Completing this floor is a ski-in & ski-out boot room enabling you to reach the slopes within a matter of minutes. On the lower ground floor, the chalet's wellness facilities are truly second to none. The state-of-the-art gym is fully equipped, while the spa area features a stunning indoor swimming pool, sauna, and hammam, all with views out onto the mountains. Step out onto the sun-soaked terrace or indulge in a massage in the private treatment room for the ultimate post-ski relaxation. Additionally on this level you will find an outdoor hot tub perfect for soaking tired muscles after a days skiing. For added convenience, the Chalet offers ample parking, with one indoor garage space and two outdoor spots. A fully equipped ski room with heated boot racks ensures a seamless start to your day on the slopes, just a short drive from Méribel's world-renowned ski area.
