With an absolute prime position right on the Promenade, discover the newest, biggest, and most luxurious private chalet in Gstaad. Retreat to a private sanctuary while being in the middle of the action - and also enjoy 5-star service from a dedicated service team. This stunning property boasts an abundance of space over 4 floors, with 8 bedroom suites and a self-contained guest house, perfect for visiting guests or your own staff, plus a wellness area that will fire mind, body, and soul. Gstaad's pristine village is somehow equally out-of-this-world as it is down-to-earth and Gstaad Promenade reflects this marriage with interiors that are timelessly elegant, refined and yet cosy. The finest materials have been curated and crafted to create a show stopping backdrop to welcome the finest of Alpine experiences, with rich tones and textures to sooth and stimulate. After the slopes - or away from the shopping paradise on your doorstep - relax in 2 expansive living rooms with full wrap-around balcony and a mesmerising open fire. After, indulge the senses in the wellness space with a spa, sauna, pool and hammam, or unwind in the cinema and playroom - or just at your bar. Gstaad Promenade benefits from Signature Services. Enjoy a dedicated house manager, daily housekeeping, concierge, and massage therapist, private chef and driver.
