Brand-new eco-friendly luxury chalet in Meribel

**10+2** Guests • **6** Bedrooms • **NA** m<sup>2</sup> / **NA** ft

Brand-new for the 2023/2024 season is the beautiful eco-friendly luxury chalet in Meribel. Light-filled alpine interiors and spacious living combine alongside a selection of wellness facilities, presenting a fantastic option for a family wanting to explore Meribel and the rest of the Three Valleys in all comfort. This chalet is located in a beautiful, exclusive and peaceful setting just outside Meribel. Ideally located for chauffeur driven service to the lifts at the Chaudanne or Mottaret – a great place to pick up the lifts if heading further afield to Val Thorens's and the fourth valley for the day. The chalet offers 5 en suite double bedrooms (incl master) and a kids bedroom which connects to a parents or nanny's bedroom but which also boasts its own bathroom. So 10 adults plus 2 kids or 11 adults can nestle happily into the chalet. The terraces look South East towards the magnificent Mont Vallon and also West to Tougnette which gives an unbelievable panorama from the main drawing room. The main reception has absorbed that beautifully designed billiard table that many of you enjoyed at Chalet Brames, different soft seating areas, an open fireplace plus bar area for relaxing after a day on the hill. The dining table is offset from the main reception and comfortably sits 12. There is also an outside dining area for warmer spring evenings. Upstairs the gallery offer a study working area and a large TV and soft seating for those who just want to flop at the end of the day. Wellness & Service The chalet offers wellness through its stretching, gym and massage area then more with a jacuzzi and sauna located on the outside terrace. The terrace can be accessed directly from bedrooms on the ground floor Staffing and service levels are top notch. Chauffeured access and collection from the pistes, a wonderful chef and support team to guarantee that after a heavy day on the slopes you can simply lie back and enjoy every moment. Also a private ski instructor is included in the weekly rates.
