An extraordinary chalet, perfectly merging cutting edge style and innovation

14 Guests • 7 Bedrooms • 800 m² / 8611 ft

Spread over 800m² and located in the peaceful area of Les Fermes de Val d'Isère, the property is only a short stroll or under a 2-minute chauffeured drive from the resort main lift. Built by renowned architect Michel Covarel, the chalet is beautifully finished, mixing a rustic Alpine style with reclaimed wood from Mongolia, intricately carved furnishings and designer pieces, to create the perfect blend of new and old. The huge picture windows flood the drawing room with light and together with a piano and professional sound systems make it a fantastic venue for entertaining.

Bedrooms with private bathrooms, master bedroom with his and her dressing rooms

The chalet has seven beautifully designed bedrooms which feel truly alpine with reclaimed wood from Mongolia and intricately carved furnishings. Each bedroom has an en-suite bathroom and AV facilities. The master bedroom suite is pure indulgence and the largest in resort with his and her dressing rooms.

Property constructed into the mountain side, indoor swimming pool, hammam and solarium

The chalet has been constructed into the mountain side with the natural rock face exposed in the massage room and one of the bathrooms - a spectacular feature! This ultimate Alpine chalet has just about everything you could want for. The facilities include a 7x5m indoor swimming pool with jet stream alongside a steam room disguised as a tiny chalet. The fabulous spa has its own cinema projector with integrated sound.

Red cedar hot tub on balcony, fuelled by a log burning stove

A beautiful red cedar hot tub is situated on the balcony, fuelled by a log burning stove - wonderfully relaxing for soaking those tired limbs at the end of a day.
