

MERIBEL-015

From: €25,000/Week

Luxury Ski Chalet on Route des Chalets in Méribel

12 Guests • 6 Bedrooms • 420 m² / 4520 ft

The original chalet was built in 1958 by one of the founding fathers of Méribel, on an old goat track which is now Route des Chalets, THE most exclusive address in Méribel. The new chalet was completely rebuilt in 2002 by it's new owner, Sir Edwards' daughter, on a much larger scale and has had a complete interior and exterior refurbishment in 2018. This is a stylish, comfortable and sociable chalet, ideal for larger groups and now more than a hint of glamour... The main piste into town (Doron) is a minute's walk from the chalet, and the piste is accessed just above the fast six-man Adret chairlift linking you into the system without having to go to the busy Chaudanne. During most of the season it is possible to ski directly back to the chalet. Chalet Tomkins is a 'fun' chalet to stay in, great for 2 or 3 families, as well as being the perfect place to unwind in tranquility and comfort after a hard day's skiing in the heart of 'Les Trois Vallées'.
